Topics will include the Middle East , Climate Change, Mexico, Migration, South Africa, War Crimes, Central Asia, and Children. **The first session of Great Decisions will meet on January 26 from 10:15 to noon.** The topic will be the Middle East. Although the U.S. will remain closely engaged in Iraq during the next year, other factors have emerged to challenge stability in the region. Wu Exhibit

This month the library's Raytheon Room contains a joint exhibition by Kyle and Betty Wu. Betty Wu was born near Hangchow in the south of China in 1925. Her grandson Kyle was born in Newton, Massachusetts 64 years later. While their exhibit reveals their strong bond around the love of art, it also reveals the polarities of two cultures, two time periods, and two very different media of expression—Chinese brush & ink on rice paper and the art of glassblowing. The joint exhibit will be at the library from February 3-28, and the public is invited to view and enjoy their work at **a reception for the artists on Saturday, February 3, from 2:30-4:30.**

Library Construction

The Trustees and staff of the library wish to thank our patrons for the good humor they demonstrated during recent intermittent closings and limited service at the library. During this construction, compromised structural supports in our attic were being reinforced with steel. Unfortunately, due to the vagaries of the construction schedule, we were not always able to give the public as much advance notice about interruptions in service as we would have liked. We appreciate the understanding and flexibility of our users.

"Team Antonellis" Exhibit in the Foyer

A year ago Wayland resident Tom Antonellis and his daughter Cori participated in AIDS WALK AFRICA for the Elizabeth Glaser Pediatric Aids Foundation. To raise money and awareness, the walkers journeyed through Tanzania to witness the country's breathtaking beauty while experiencing lifesaving Foundation programs first-hand. Walkers hiked the foothills of Mount Kilimanjaro and visited Foundation clinics, hospitals, and local schools, meeting with medical personnel, patients and children learning about the challenges they face. Tom, an avid photographer, captured the memorable trip in a personal photo exhibit on view in the foyer of the library during the month of February. Before entering the Johns Hopkins Graduate School of Public Health, Cori worked for the Foundation, which provides support for care and treatment projects in South Africa, Zambia, Tanzania and the Ivory Coast. Information about supporting their walk is available at the exhibit.

Shakespeare Festival With Helen Whall

Our upcoming Shakespeare series entitled ***Shakespeare and Collaboration*** with Professor Helen Whall starts on **Tuesday, May 1.** The first lecture is entitled ***Shakespeare, the Co-Author***. The idea that authors own their work is relatively new, traceable in the rise of copyright and intellectual property law. Romantic notions of a genius working in a garret, however, probably imprint our image of the solitary artist even more than does evolving law. Yet Shakespeare not only borrowed the work of so many dead and living authors that he was labeled a "magpie" in his own day, he also wrote with others, as was the fashion of his day. Professor Whall's first talk on May 1 will look at early modern writing practices, focusing especially on the art of collaboration and on the identities of those playwrights who wrote with Shakespeare. **On May 15, we will discuss *Two Gentlemen of Verona* and on May 29, *Henry VIII.* All programs will take place in the library's Raytheon Room at 7:30 p.m.**

This program is supported by the Friends of the Wayland Public Library and also by a grant from the Wayland Cultural Council, a local agency which is supported by the Massachusetts Cultural Council, a state agency.

Great Decisions

The next session of Great Decisions will meet on **Friday, April 6, from 10:15 to noon**, and the topic is South Africa. South Africa is the most developed country in Africa and has been an active leader on the continent, yet it still struggles with major issues in the post-Apartheid era. What are the political challenges facing South Africa? What impact is the AIDS epidemic playing on South Africa's economy and society? Additional Great Decisions programs are scheduled for **May 4, May 18, June 1 and June 15.**

Raytheon Room Exhibit

For the month of April, Molly Beard will exhibit a collection of her watercolor paintings. Molly explains that "most of this show is about Maine, its fog, its trees and the rocks and my fascination with the action and stillness of water. On Swans Island we have 'blue and gold'days and those that are 'thick-a-fog.' We've been going there for over 40 years now. It's a year 'round lobstering community. Most natives fish. We've seen a lot of change there (the stern man is now likely to be a gal) and a hard-shell brings in $7.50 a pound."

Poetry Workshop

The Poetry Workshop will meet on Wednesdays, **April 11 and 18 at 2:00 p.m.**

Nature of Swing Discussion with Ted Pease

Wednesday, April 4
7:30 p.m.
(Rescheduled from March 5)

On **Wednesday, April 4** Ted Pease, Berklee College Distinguished Professor of Jazz Composition Emeritus, will show excerpts from the new "Jazz Icons" DVD series (available in the Wayland Library collection) to illustrate the concept of "swing." Join us for an audio and visual comparison of the work of Louis Armstrong, Dizzy Gillespie, Art Blakey, Count Basie and others as we explore the subtleties of the elusive heartbeat of jazz.

Foyer Exhibit

The American Association of University Women (AAUW) will display information about their organization at the Library during the month of April. It has a political action component that encourages women to participate as they see fit. There are Legal Advocacy and Educational Scholarship Funds for women. It has community activities according to special interest. There are movie, bike, bridge groups and daytime and evening book groups.

New Library Website

We are excited to announce that the Wayland Library now has a new website, privately funded by the Friends of the Library and the Library's Millennium Endowment Fund. Our new website address is www.waylandlibrary.org and a card introducing the site will be sent out in the quarterly tax bill. We hope that our new web presence accurately reflects our mission to the community, supports the library's new Long-Range Plan, and raises community awareness of the library's collection and services. Some of the nice new features of the site include an enriched area of booklists and staff recommendations and also a more visible presence for our calendar of events. Please visit us at your new virtual branch library and let us know what you think!

Win An mp3 Player

Wayland residents who did not receive a card in the mail should feel free to request one at our circulation desk. We are excited about our new website and invite you to visit us online at www.waylandlibrary.org.

Klumpp states that his presentation will replace current misconceptions with facts and identify near- and long-term approaches that measure up to the problem. Mr. Klumpp is a scientist whose career has included work at Draper Laboratory and Jet Propulsion Laboratory. He was one of the principal designers of Apollo's Lunar Descent Guidance, which landed 12 astronauts, in six Lunar Modules, on the moon. New Tutors Trained in Library's ESOL Program

Eight more people have recently completed the training course and are now certified to be tutors of English for Speakers of Other Languages. These recent "graduates" are Lea Anderson, Lynn Crosby, John Emery, Kathy Hood, Regina Kennedy, Diana Smith, Dena Veysey and Kathleen Woehrling. Veronica Figueiredo-Larrick also participated in the course. These new tutors, like those who were trained last fall, and many who have been tutoring for years, will work one-to-one with learners who have signed up through the Wayland Library or one of the nearby libraries.

Another tutor-training course will be offered in the fall, probably in late October and November. Tutors do not need to know another language, nor do they need to know every detail of English grammar. For more information contact Ginny Steel at 508-358-7517 or at virginia@thesteels.com.

Library Newsletter by Email

Did you know that you can now sign up to receive WPL's monthly newsletter by email? Go to www.waylandlibrary.org and click the "Newsletter" link. Once you get to the next page, you will find a link in the right-hand column that will allow you to subscribe to our monthly email newsletter. Print copies of the newsletter are always available at the Library.

The creation of the International Criminal Court has established a new venue for investigating and prosecuting war crimes, despite a lack of U.S. participation. Will the non-participation of the U.S. weaken the power of the ICC? What challenges are faced by the ICC in punishing war criminals?. Additional Great Decisions programs are scheduled for **May 18, June 1, and June 15.**

Book Group

The bookgroup's May meeting will be on Friday, May 11, at noon. We will be discussing *A Lesson Before Dying* by Ernest Gaines. The selection for June 8 is *Behind the Scenes at the Museum* by Kate Atkinson.

Did You Know....

In the United States, there are about 1.1 billion visitors a year to libraries-about nine times the number of major sports attendees (about 200 million).

Globally, there are about six times more people with library cards than drivers' licenses.

The number of library locations vastly outnumbers McDonalds and Starbucks combined.

FedEx sends about 5.3 million parcels daily, compared to libraries circulating about 5.4 million items and another 5.7 million online items a day.

A larger exhibit showcasing a greater range of her work will be in the library's Raytheon Room in November.

Opera Audiobooks

We have recently acquired audiobook CD editions of eight of the world's most famous operas from the Black Dog Opera Library. These recordings are especially nice because the first of the three discs in the set has the story of the opera, a summary of each act and scene, and biographies of the lead performers--all world renowned artists. The complete and uninterrupted opera in the original language is on the next two discs. Find them in the library in our section of audiobooks on CD.

Neri Donalds, a ten-year resident of Wayland, will exhibit her "Spirit Photography" in the foyer during July. Ms. Donalds, who refers to herself as a psychic photographer, reports that often after taking a picture in the conventional manner, upon development of the print, she discovers things that were not in the visible range of the naked eye when the picture was taken. Ms. Donalds, who is a reiki master, douser, and feng shui practitioner, has a background in film.

THE POST-IMPRESSIONISTS - PIONEERS OF MODERN ART
with Judy Schurgin

During the late nineteenth century, the Post-Impressionists were widely criticized for their revolutionary styles, as they moved away from the naturalism of the Impressionists and experimented with various styles and techniques. The most influential Post-Impressionist artists include Paul Cezanne, Vincent van Gogh, Paul Gauguin and Toulouse-Lautrec. Join Judy Schurgin as she discusses the lives and diverse works of these pioneers of modern art, who influenced an entire generation of artists.

***Paul Cezanne*--------September 28**
***Vincent Van Gogh*--October 12**
***Paul Gauguin*--------October 19**
***Toulouse-Lautrec*---October 26**

All programs are on Fridays from 1:00-2:30 p.m. in the Raytheon Room.

Playaways

We've acquired some audiobooks in a new format—the "Playaway." A Playaway is about half the size of a deck of cards and comes pre-loaded with digital content like audiobooks. Just plug in your earphones or adapter and start listening! A few of our new titles in this format include: *The Curious Incident of the Dog in the Night-time* by Mark Haddon, *The Mayflower* by Nathaniel Philbrick, *Angels & Demons* by Dan Brown, *1776* by David McCullough, and *Hard Truth* by Nevada Barr. They will be housed near our other audiobooks on CD. Come on in and check them out.

Books Needed!

Admit it: you'll never read them again and you could use the space! Donate those old books to Friends of the WPL!

Videos Still Free!

We are pleased to announce that we have decided to extend our "no charge" policy for DVDs indefinitely. We have a great collection of movies, so drop into the library soon to browse through it.

Display Case

For the month of September, the Wayland Public Library is pleased to present, once again, the work of Diana H. Bronner. This year, in addition to tole, she is showing macrame, Faberge eggs, nautical knot boards, Native American dream catchers, miniature knit teddy bears and paper quilling.

Learning on the Go

Want to keep learning without going back to school? Check out our Teaching Company and Modern Scholars selections available on spoken CD. Modern Scholar audiobooks are also available to download from our website.

Information Stat

Here's an interesting statistic for those of you who think that all information is online. This June, during the Independent Reference Publishers Group meeting at the American Library Association conference, Cliff Guren of Microsoft stated that "The reality is that [only] 5 percent of the world's information is digitized, less than 1 percent of the National Archives and less than 5 percent of the Library of Congress."

Meet the Author Dennis McFarland

The first author in this year's "Meet the Author" series is acclaimed writer Dennis McFarland, who will be here on **Thursday, October 18 at 7:30 p.m.** Few literary authors write their first novel and watch it magically turn into a *New York Times* bestseller. But that's what happened to McFarland when he wrote *The Music Room* in 1990. His subsequent books have also garnered stunning reviews and just this fall he has published a new book, *Letter from Point Clear,* to critical acclamation once again. Books will be for sale and a book signing will follow his program.

Lecture by Charles Ogletree

On May 31, 1921, a race riot broke out in Tulsa, Oklahoma, after an encounter between two teenagers – a black boy and a white girl – in the elevator of a building on Main Street. Thousands of black residents lost their lives, their loved ones, their homes, their businesses, and their property in the riot. **At 4 p.m. on Sunday, October 28, at the Middle School, the Library has organized a talk by Harvard Law Professor Charles Ogletree**, who will make the case for reparations to the riot's elderly survivors. Ogletree is one of the nation's preeminent legal scholars, and it is a great honor to have him speak in our town. The Tulsa race riot case continues to have social justice implications for our society today. Books will sold and available for signing after the event. This program is sponsored by the **Gossels Fund for Human Dignity.**

Foyer Exhibit

George Brawerman is exhibiting some of his recent work in the foyer of the Wayland library during the month of October. The theme of the exhibit is "Florida Images." The exhibit consists of digital photographs of scenes captured in state parks and natural preserves. The prints are usually enhanced to emphasize what he considers to be most important in a scene. Some may acquire a semi-surrealistic appearance as a result. His wife, Ruth, is also contributing to the exhibit.

ESOL Tutors Needed

The Wayland Library has sponsored an ESOL Program for 18 years that has trained well over two hundred tutors. We have a never-ending waiting list of learners who need help, but a lack of corresponding volunteers willing to tutor these students a couple of hours a week. Training classes for new tutors have been scheduled at the library on five Wednesday evenings starting on October 10. No teaching experience or foreign language ability is required in order to be a tutor. We will train you, painlessly, even enjoyably, to offer this service to someone who really needs help. You will work one-on-one with adults who desire to improve their abilities in spoken and written English. For more information, please call Ginny Steel at 508-358-7517.

This program is co-sponsored by the Wayland Historical Society and the Friends of the Wayland Library.

Downloadable Audiobooks

Thanks to help from the Friends of the Library, Wayland library patrons can download electronic audiobooks from NetLibrary/Recorded Books. You cannot access this service in the library but you may download audiobooks at home to your own computer. The books are also transferable to many portable mp3 players. This program allows us to expand our offerings without having to physically house the media on our already-crowded shelves. Look for more information about this service on our website at www.waylandlibrary.org.

Display Case

November is the time of year we pay special tribute to our fallen veterans, so it is appropriate that this month the display case holds an exhibit organized by John Turchinetz (Wayland's Veterans Agent), focusing on memorials in Wayland. The exhibit will locate the memorials on a map and contain photos and other information about these historic sites. It is an excellent opportunity for everyone to see where the memorials are located and to learn what they represent.

New Library Catalog Features

Enhancements to our library catalog are here! Check them out anytime online. New features include: search results displayed by relevance, more results on each page, book jackets, summaries and reviews of books, create a list and then make your requests, and the ability to pay fines online using a credit card. As always, ask our reference staff for assistance if you have questions about any of our services.

Foyer Exhibit

During November the library foyer will feature photography by Murray Alan Drobnis. Mr. Drobnis is a native New Englander whose interest in photography began 50 years ago. This is his eleventh year exhibiting in our library.

Calling All Artists!

We currently have openings in our exhibit calendar for both the library foyer and the Raytheon Room exhibitors. The foyer exhibits are typically up for one month, while the Raytheon Room exhibits stay up for two months. For more information about this, please call the library at 508-258-2311 for a referral to our exhibitor coordinator.

John Grabill

In December, a selection of John Grabill's photographs will be featured in the Raytheon Room. The group of pictures explores notions of near and far and context. Grabill writes that in this show, near means up close to the subject and far describes the surroundings that shelter that view, the "pull-back shot." He states that although he generally views things globally, he also enjoys the details of nature. "Sometimes the object seen up close is unrecognizably abstract and though beautiful, resides in a setting either totally mundane or not so attractive. That's what this show is about." John invites viewers to look at the photos, guess what they are looking at, and then flip through the "context book" to see where he was and what he was actually freezing with his camera. **There will be an artist's reception on Saturday, December 8, from 2-4 p.m.**
